

PROVEN SERVICE FOR OVER 50 YEARS

1. What is an Energy Savings Agreement?

Your HVAC system is the single biggest user of energy. ***In fact, 55% of America's energy bill is spent just on heating and cooling, and in the average home, 15% – 30% of that energy is wasted.***

The **E. Smith Energy Savings Agreement** is designed to help lower energy costs by scheduling maintenance checkups to ensure your system is running at maximum efficiency. You'll enjoy the peace of mind in knowing that your system is saving you money on your utility bills every time it comes on – ***almost \$50 per air conditioning month for the average household.***

2. Why is it important?

Your heating and air conditioning system is complex. Like maintaining your car, keeping your equipment maintenance up-to-date can ***save up to 30% on operating costs.*** It can also help avoid early failure, improve indoor air quality, extend the life of your system, and ensure manufacturer warranty coverage.

3. How do I sign up for it?

It's easy. We have two **Energy Savings Agreement** (ESA) plans – the Gold ESA and the Platinum ESA – and plan details are on the flip side of this page. Both are backed by E. Smith's 50 plus years of industry experience and 100% satisfaction guarantee. When you have made your decision, simply let your service technician know today or contact us at 770-422-1900.

PROVEN SERVICE FOR OVER 50 YEARS

E. Smith Energy Savings Agreements

GOLD

MAINTENANCE PLAN

- Includes two professional Tune-Ups scheduled at your convenience.
- Provides priority Repair Service, scheduling as soon as possible and before all non-ESA members.
- \$50.00 diagnostic fee for repairs vs. the non-ESA fee of \$85.00.
- \$50.00 after-hour emergency fee vs. \$125.00 for non-ESA members.
- 15% discount on all repairs – parts and labor included.
- 5% discount on any equipment purchase.
- 100% satisfaction guarantee – If you are not satisfied with the service provided, we will make every attempt to make things right. If you are not satisfied we will refund your money.

This agreement includes all labor to inspect the equipment and maintain it in good operating condition. Replacing standard 1" filters is included.

All inspections will include documentation for your records with any suggestions for your system care noted by our factory trained technicians.

Payment may be made by check or credit card.
